Sir

In submitting herewith copy of memo under Date 18th August 1896 passed by Mr. Madiah late Deputy Commissioner Kolar in re the unsatisfactory state of the accounts of the Kolar Municipality for your information I have the honor to report that in pursuance thereof houses, shops and carts &c of the Kolar Municipality have all been numbered anew and that a thorough overhauling of the past and the correct preparation of the current year's account of the Municipality only remains This work cannot be entrusted to the Shanbhog of the Municipality as he is responsible for this unsatisfactory condition of the accounts and will be only too anxious to gloss over the irregularities.

2. A competent accountant is required for the purpose and as the officials of the Kolar Taluk are fully employed and as everywhere work is heavy just now on account of the Jama season a temporary hand is indispensable

I therefore request that you will be so good as to obtain at an early date the sanction of Government for the entertainment of a hand for the work on Rs 15/- per month as a temporary measure for six months.

3. The cost may be met from Rs 150/- provided under XI Miscellaneous (h) 4 unforeseen Expenses in the current year's Budget of Kolar Municipality

Memo

Frequent complaints that have reached me from time to time from the inhabitants of the Kolar Town regarding the inequality of taxes imposed on different individuals and want of systematic accounts as regards the number of houses their valuation, the number of carts and Jutkas without any particulars as regards their ownership, necessitate the revision of the whole system of taxing and numbering houses &c and the Amildar will make the following arrangements.

Daroga with the Patel will at once be directed to start with the numbering of the houses. It ought to be done systematically beginning with the main streets and houses attached thereto; as he proceeds in this work, he should open a register showing the names of the owners with such other particulars as may be necessary to identify them. The present accounts as opened by the Shanbhog are very confusing, as for instance if one or more individuals of the same name own any property it has been found difficult to trace the real and correct individual without the help of the above named village officials. Our accounts ought to be clear and without any aid any one ought to be able to find out who is the owner of a certain property and where

Amildar

amount is due by him. The numbering of houses
cards &c ought to be made independently
of the Shanbhog so that after the work is
completed the Shanbhog's accounts may
be compared with the register and any
discrepancy discovered and brought to book.
I have no hesitation in saying that the Taluk
officials hitherto allowed the Shanbhog
to have his own way. In fact they were
merely tools in his hand so much so that
without him they were utterly helpless. No
explanation they could offer on any item
without referring to him. It must be admitted
that this is a very unsatisfactory state of
things and cannot be allowed to continue
any longer. If the Shanbhog offers any
obstacles in the way of facilitating this
work the Amildar will at once suspend
him and appoint a substitute.

The Sheristadar who will be always
at the Head Quarters will be entrusted
with the supervision of this work. He
will submit a weekly report on the
progress made."

When this work is completed the Amildar
with the Municipal Members will revise
the taxes with reference to the existing
demand

demand so that all grievances from the residents be removed once for all and the accounts are clearly and systematically kept without the confusion now existing in them.

Amildars prompt and early attention is drawn to the above instructions.
